EMMA COMPLIANCE

FORMERLY EMMA E-DOC

Emma Compliance brings structure and control to customs data management. It helps you work efficiently, comply with laws and regulations, and maintain complete oversight of your customs data

FROM DATA TO INSIGHT

Get a clear view of your customs data. Identify errors, follow up deviations and ensure declarations and values match

READY FOR NEW REQUIREMENTS

The Green Deal dashboard offers a dedicated view of CBAM and EUDR data, supporting your sustainability and compliance reporting in one place
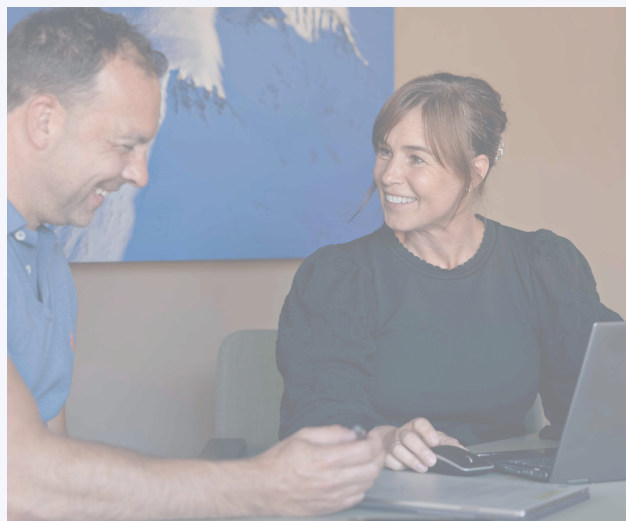

EFFICIENT AUDITS & INTERNAL CONTROL

All declarations and supporting documents are gathered in one place, ready for search, reporting and export

You can compare declaration values against booked figures, document compliance and handle audits quickly and accurately

Emma Compliance is the evolved version of Emma E-Doc, built on the same professional foundation but adapted to new and upcoming requirements for security, data and compliance.
